

Vertical AC unit (with Heat)

General:

Manufacturer	Smart Family of Cooling Products
Unit Model Number	SAVP21Q
Blower fan	(2) 5hp
Air Connections:	Return air Louvers and 20" Round collars Supply air Diffuser and 20" Round collars
Certification	ETL, UL 1995 – CSA 236 STD 22.2
Single Point Power Supply Connections	<u>460V/3PH/60HZ</u>
Full Load Amps Cooling	44.6 A
Full Load Amps Htg Mode	124.6 A (460V)*
Unit MCA	152 A*
Unit MFS	200 A*
Unit Dimensions	92"L x 44"W x 99"H
Unit Ship Weight	5,000 lbs

* Data shown with 64kW of integral heat
